VENTURA<sup>TM</sup>  
CAMPERVANS

PEUGEOT BOXER

**VR200**

**for life's adventurers**

## PEUGEOT BOXER **VR200**

The multi award-winning Ventura VR200 range of 5 seater camper vans is comprised of three models each one designed to bring your adventures to life.

Based on a Peugeot Boxer, with its superior width and cavernous interior, the VR200 offers more interior space than similarly sized campers. With seating for 5 it also accommodates more than most.

But the jewel in the crown is the bed, the largest of any campervan of its size - a full sized 6ft x 4' 6" double bed. You won't find a smaller campervan with a bigger bed.

Under the bonnet you will find the latest Blue HDi technology engine producing 110bhp driving through a 6 speed manual gearbox. Using its Fiat Ducato stablemate we also offer an automatic version with 120 or 140bhp.

# INTERIOR FEATURES

Space is never a problem.

Dometic combined gas hob with sink

Swivelling front seats

Generous storage

Dometic fridge

Full sized double bed

Fold away table
